Terms and Conditions

1. **Exclusive Photographer:** Oldsouth Photography shall be the exclusive photographers retained by the Client for the purpose of photographing the wedding. Family and friends of the Client shall be permitted to photograph during the wedding as long as they shall not interfere with the Photographer's duties (specifically flash photography while the Photographer is working) and do not photograph poses arranged by the Photographer.
2. **Retainer and Payment:** The Client shall make a \$200 non-refundable deposit to retain Oldsouth Photography to perform the services specified herein. This deposit shall be applied to reduce the total cost of the package, but is non-refundable. The Client shall pay the remaining balance of the package price 5 days before the service date. The cost of any re-prints or enlargements shall be made at the time of ordering.
3. **Reproductions:** Oldsouth Photography shall have the exclusive right to make reproductions of images whether it is for editorial use, display, or advertisements.
4. **Failure to Perform:** If the Photographer cannot perform this Agreement due to a fire or other casualty, strike, act of God, or other cause beyond the control of the parties, or due to the Photographer's illness, then Oldsouth Photography shall return any amount paid to the client but shall have no further liability with respect to this Agreement. This limitation of liability shall also apply in the event that photographic materials are damaged in processing, lost through camera malfunction, lost in the mail, or otherwise lost or damaged without fault on the part of Oldsouth Photography. Oldsouth Photography shall not be liable for any amount in excess of the retail value of the Client's package price. Client should be aware that Oldsouth Photography will have on hand backup equipment in event of failure.
5. **Inherent Qualities:** Client has a choice of flash photography during the ceremony or no flash photography during the ceremony. Client understands that if no flash is to be used during the ceremony that high-speed camera settings must be used that may cause a grainy effect in the photograph. Client also understands that flash photography during the ceremony can be distracting. Oldsouth Photography uses very high quality digital cameras with sophisticated computer software to minimize grain in no flash weddings, but due to different lighting in every setting, we do not guarantee no grain photographs. If your setting is very dark (at night with very low light), you might consider flash during ceremony. Please initial below.

- 8. Details:** Oldsouth Photography's standard procedure is to take as many photos as possible before the ceremony. We will start portraits an hour and a half before the ceremony with the groom, his groomsmen, and his family members (but not the bride). Then after he is safely put away, for the next half hour we will photograph the bride, her bridesmaids, and her family members (but not the groom). Then after the ceremony, we can complete all photos of bride and groom together, bridal party with bride and groom, and parents with bride and groom in 30 minutes. For couples that do not mind seeing each other before the ceremony, they may decide to take all photographs before the wedding. If so, please allow at least 2 hours time before the ceremony starts and make sure everyone knows to be there on time. A third option is to do all photography after the ceremony. Make sure guest know there will be a delay of about 1 hour after wedding for photography. Please initial below.
